## **Main Points**

On or about July 16, 2008, the Board of Education acquired approximately 37.51 acres for use as a middle school in the M-6 target area, with a school scheduled to open in 2011. Naming of the new middle school facility is now required. The following names are proposed for consideration (1) Tom's Creek Middle (2) Burlington Mills Road Middle, and (3) Rolesville Middle.

Tom's Creek Middle is proposed because of the site's proximity to Tom's Creek, into which water from the site drains, and which is the nearest notable geographic or natural feature. Burlington Mills Road Middle is proposed as it identifies the road from which the school will be accessed and will help to specifically identify the location of the site, although Burlington Mills Road does extend from Highway 401 in Rolesville in a northwesterly direction into Wake Forest and terminates at Capital Boulevard (US-1 Highway). Rolesville Middle is proposed as it identifies the town within which the school site is located, and will help to identify the location of the site

## **Fiscal Implications**
