# We Need You to Finish the Race!

**“Hill’s re-election would put a group in charge of the board who could be counted upon to ask hard questions and demand good answers before letting the plan take effect. That’s what needs to happen - and optimists have faith that it will.”**

—*The N&O, 10/20/11*

**“As a former teacher and principal, Hill is properly focused on issues of academic quality and the funding needed to sustain it. His unflappable leadership as a constructive critic of the board majority has been invaluable, and he richly deserves another term.”**
