

The WSCA on Kevin Hill:

Mr. Hill's record as the District 3 School Board representative is clear.

In the short time Mr. Hill was Chairman of the School Board, the results were abominable.

- Failing graduation rates, bottoming out at 54.2% for disadvantaged students.
- 600 teachers fired, while protecting non-teaching administrators.
- 26,000 students reassigned.
- “Wacky Wednesday” PLT's were implemented, without regard to their impact on families.
- Mandatory Year Round schedules forced on thousands of families.

The WSCA on Heather Losurdo:

Mrs. Losurdo has consistently supported neighborhood schools, advocated for the use of EVAAS and other objective data-driven measurements to meet our educational challenges head-on and called for civility and consensus-building on our School Board.
